To apply for summer internship in the laboratory of Dr. George Church please follow these application instructions:

**Review projects:**
Check our website, learn about the lab, review Church lab projects listed:  [http://arep.med.harvard.edu/](http://arep.med.harvard.edu/)

**Find mentor:**
Find out who is available to mentor this summer (postdocs or senior grad students) and what project they are working on:  [http://arep.med.harvard.edu/gclab6.htm](http://arep.med.harvard.edu/gclab6.htm).
Contact our postdocs and grad students directly via email regarding mentorship. Attach your CV and ask them about the project they are working on and if they would be willing to be your mentor.

**Confirm acceptance:**
Postdoc will need to email lab administrator and confirm he/she is accepting you. You will then be invited to join us for the summer internship in an official letter that will be sent at the end of May.

**Communicate with mentor:**
Once you find a mentor, start learning about the project you will be working on, ask about relevant publications, get to know your mentor prior to starting your internship.

**Start date:**
Email lab administrator (gchurch@genetics.med.harvard.edu) your CV, your start and end date. You will meet with lab administrator on your first day, in NRB 238 and fill out new hire forms, take online safety training.

**Expenses:**
The summer internship is primarily available for Harvard summer students enrolled in PhD program looking to work in research in summer. Lab does NOT provide assistance with visa’s, accommodations or travel. The Summer program is designed for undergraduate students only. Summer students can work max 40 hours/ week, stipend is $10/hr, and students can work for the period of 90days, starting in Jun – till the end of August. This is a temporary, no benefits position. References are required.
Please email lab administrator with any questions.

Church lab also offers summer program for minority students, see instructions  [http://ccv.med.harvard.edu/diversity_summer_internships.htm](http://ccv.med.harvard.edu/diversity_summer_internships.htm)
